1. Can I apply?

The grant will benefit media, marketing agencies, production companies, national minority organisations, as well as individual journalists, directors, and screenwriters who have experience in creating media content and a platform for its publication.

The main focus of the project should be the history, culture, and current experiences of Ukraine's national minorities. Dedicate 80% of the content to this theme: four out of five articles, 48 minutes of a one-hour film, etc.

The tax liability depends on the legal registration of your organisation.
