Individual Project Grants

1. House of Europe

House of Europe is an EU-funded programme fostering professional and creative exchange between Ukrainians and their colleagues in EU*¹ countries. The programme focuses on different professional fields: culture and creative industries, education, health, social entrepreneurship, media, and youth.

This encompasses 20+ separate programme lines enabling to go for professional events, internships, and networking in the EU*, or to enrol in study tours, residencies, trainings, and other forms of support. House of Europe funds cultural coproductions and cooperations between Ukrainian and EU* organisations, along with the development of cultural infrastructure and artistic concepts for youth in Ukraine. Finally, the programme offers various youth camps and an intra-Ukrainian university exchange.

1

Implementation of House of Europe is led by Goethe-Institut Ukraine, with The British Council, Institut français, and Czech Centres as consortium partners.

2. Individual Project Grants

These grants support personal projects involving the EU*. You can get up to EUR 4,000 to launch the podcast, create a course, pay for an internship, buy a ticket to an international conference or carry out thousands of other ideas. Engaging ideas pushing you out of your comfort zone and on to professional development is what we are looking for.

The project should have an international dimension. If you are thinking of participating in a workshop, consider finding a fitting offer at a UK educational platform. If you are planning on launching a blog, think about interviewing EU professionals.

Grants support professionals in culture and creative industries, education, health, social entrepreneurship, media, and youth work.

¹ Here and further in the text whenever marked with *: plus the United Kingdom. The EU countries include Austria, Belgium, Bulgaria, Croatia, Republic of Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden.

3. What is an individual project?

An individual project is a project you work on in your spare time.

An individual project is an opportunity to develop new skills, strike up acquaintances and try your hand at something you have never done before. On the other hand, it provides a chance to carry out the dream project you could not finance by yourself.

You can feature your individual project in the portfolio to apply for better and more versatile positions.

4. What are the peculiarities of individual project we support?

Your project must be:

- A project to become a professional challenge for you. You should get the experience of project management, new skills and acquaintances.
- A brand-new project. Not one of the everyday tasks you work on.
- A project involving the EU*. You can both learn from EU* peers and present your ideas.
- A project with the focus on experience, not profit. You will not get a fee for your work, but you will get a chance to carry out your dream project or advance your skills.
- A project that drives you. A course, internship, networking, launch of a new project led and thousands of other initiatives.

2

5. Why involve EU* in the project?

House of Europe is an EU-funded programme focusing on cooperation between professionals from the EU* and Ukraine.

Our aim is to make sure Ukrainians adopt European practices and professionals from the EU* learn more about the booming Ukrainian context. We fund outstanding ideas born at the intersection of experiences.

We believe that international exchange is beneficial and invite you to involve experts and organisations from the EU* in your project.

6. What do you mean by EU* involvement?

Hop on a workshop delivered by the EU* online platform, invite the EU* speaker to your conference, get a personal consultation from the EU* coach, present your social enterprise at the online fair based in EU* and many more.

Use the chance to boost your project. Think of how the EU* expert or organisation can elevate your project and avoid involving them for a show.

Due to the COVID-19 pandemic, you can only interact with the EU* remotely. Please opt for online events, as we will not be able to fund you travelling to the EU* to visit your peers or visa versa.

7. How do I find organisations and experts from the EU*?

3

Think of the experts you wanted to consult, organisations offering engaging internships, online platforms holding courses on the topics that fascinate you. If you cannot think of anything, try Googling or asking your co-workers.
